SPRING SUPPLY OF

MEDICAL.

R. R. R.

Radway's Ready Relief HAVING purchased the lease &c., of my late fath of its large patronage, is respectfully solicited. REMEDIES have been before the public so long, have performed so many miraculous cures, have restored so many thousands of weak, teebe and dying iuvalids to robust health, have protected whole neighborhoods from sudden attacks of raging pestilence, have been tested and tried with the most astonishing success in the most difficult cases that Hospital Fractice and the prevalence of Yellow Fever, Billious Fever, Spotte I Fever, Typhus Fever, Pheumonia, Cholera, and all other malignant disorders could furnish, and that, too, by the most celebrated Physicians and Medical Writers in this country, among whom we may mention the names of Page, Stone, Gillen, Francis, Lambert, Griffen, Hopkins, and many others well known to the people, and have restored back to lift; persons who were dying, and had been given up by all the doctors of merit in the places where they lived, that we deem a short reference to each of the Three Simple Remidies we use in the R. R. Practice sufficient to warrant the sick, the alling and the diseased to give these life saving and Ready Remedies a fair trial.

Radway's Ready Relief, for all purposes where the body is seized with pain—whether it he of a simple character, or the most thorturing paroxisms; whether it he Toothache or Cholera; whether Headache or Spatsm and Cramps; whether aches or paints the bones or joints shoulders or back, or the more terrible spasms of Neural ga; whether in the bowels or joints, head, back or ato mach, Radway's Ready Relief will in a few minutes restore the most terribly afficied to ease and comfort.

Ka-way's Renovating Resolvent has given to such objec-new and healthy bodies, and filled the veins with a frest pure and stream of blood.

Radway's Regulators.—The discovery of this last great remedy establishes in medicine entirely new principles, which medical writers and sages have for years in vain sougat to discover. In Radway's Regulators we give to the world a cathartic, purgatic, aperient, duretic, diaphoretic, and above all a Regulator of the whole Human Body.

A pill that, while it purges from the hody the refuse deposits, it heals all sores, ulcers, or irritations in the how els or mucjous membranes. Renewed strength follows all draftic pills, very organ, nerve and issue of the body is strengthened by their healing, cleansing and regulating efficacy. The use of Radway's Regulators will dispense entirely with the baneful drug Calomel, Blue Pillor Mercury will be secured by Radway's Regulators will dispense entirely with the baneful drug Calomel, Blue Pillor Mercury will be secured by Radway's Regulators will dispense or the patient expects to derive from the use of Mercury will be secured by Radway's Regulators, without endangering tee system by salivating it. Hence the great and important advantage which the discovery of Radway's Regulators of Yellow Fever, Typhus Fever, Scarlet Fever, Congested, Billious, Remittent and Intermittent Fevers—In Cholca, Dysenterty, add all other infectious and malignant maladies, Radway's Regulators are just the remedy required in those malignant cases. They heal all series and ulcers, either in the bowels or in the coat of the stomach; evenif the whole intestines were raw and ulcer outs along the whole length of the bowels, they will not irritate or occasion any pany, they exped quickly all poisonous and infectious deposits, and will, as soon as dissolved in the stomach, withdraw the congested and accumulated humors from the interior surface of he bowels, and expel all such humors entirely from the ystem.

Another great influence they exert upon the system. Another great influence they exert upon the system is their regulating powers. On matter whether: the MAN or WOMAN, whose system may be out of order,

A LUMP OF DEAD DIGNITY

On board of the steamboat Shotwell, on her trip from New Orteans to Cincinnati, the cholera had laid on their backs some fifty out of seventy-five passengers; for a few hours the scene was of the most terrible character.—
Among the passengers were two regular doctors and a staunch triend of Radway's Ready Relief. The two doctors took under their care the patients in the ladees' saloon and the patients on one side of the forward saloon. The R. R. R. friend took the deck passengers and the cabin passengers on the larboard side of the forward cabin; as fast as the Ready Relief was applied to the R. R. R. patients they recovered, and before the two doctors got out of the ladees' saloon, every one out of the twenty-five that were sick, and were treated by the R. R. Relief, were out of darger and free from Cholera. Still the doctors refused to use the Ready Relief, and out of the twelve passengers under their treatment, seven died in the agonies of Cholera. At last both of the doctors were taken sick the field was now left open to the R.R. R. advocate, and with the assistance of some gentlemen who had witnessed its miraculous efficacy, it was applied to all the remaining patients who were quickly relieved from heir distressing and dangerous situations.

IMPORTANT TO RHEUMATIC EDITORS.

Messrs. Radway & Co., New York City.

Gentlemen: A recent trial of your R. Rehef for Rheumatism proves it to be a sovereign remedy. About four weeks ago! was seized with Lumbago, and quite usuable to stand up. I purchased from Mr. McPherson, a bottle of R. R. Kehlef, rubbed my back well and obtained immediate relief. The next morning! felt pain in my hip joint and in a few days it became considerably enlarged. I was afraid to try more of the Relief, lest it should drive the pain to a more vital part his the body, but as the pain in my joint, knee and ancle became so excruinating, I got another bottle of Radway, and applied it, and washed my whole limbs with it; and I am happy to say with complete success. The intense and unusual cold at this season, I feel has the effect of remewing the pain, but one application of the Ready Relief will banish it. Could I keep my feet warm at all times. I would have nothing to fear from the Rheumatism after applying your Iteady Keitef. I shall occasionally draw attention to the efficacy of your medicines, the result of experience.

Your truly, JOHN McWINNIE, Editor and joint Proprietor of the Sentine!, January 13, 1856.

Persons troubles with asthma, hard and difficult breathing, sharp pans when taking a long breath, will find immediate relief after an application of Radway's Ready Relief. In cases where the lungs are diseased, we give Radway's Resolvent. The action of this medicine resolves away the diseased deposit—it heals all ulcers, and removes tubercles. We have known persons who had no idea of ever rising out of a sick bed, to be restored to sound health, with not a particle of consumptive material left in their bodies to hasten decay—Radway's Regulators in these cases keep the system regular, and equalizes the circulation of the blood.

old Line whig Meeting. A few most excellent gentlemen in this city, who facetiously call themselves "old line Whigs," have been greatly agitated within the past few days as to what steps they could take to promote the interests of the Know-Nothing par- it is that the Democattic party has survived

It must not be supposed that all these gentle-men are sworn members of the "order." Some of cratic party has remained a witness and a monuthem are not. They have scorned to bend the knee to Baal; or to place themselves upon a level with the "greasy multitude," by taking the oaths together in every time of storm and disaster. It tests every question by the Constitution. It holds which were merely intended to catch and hold the "rag, tag and bobtail" of parties.

But though not affiliated members of the party, yet there are many persons who think that they are in spirit and in truth Know Nothings, and nothing but Know-Nothings. They are judged by their acts. They have ever been bitter and proscriptive haters of the Democratic party. Since the rise of Know Nothingism they have uniformly voted with that party-talked for them-advised with them-and contributed money for their success. They curse foreigners and Catholics-believe the mob of "bloody Monday" acted right-talk flippantly of "ten cent Jimmy"-and believe everything that is published in the Louisville Journal.

These are the gentlemen who make up the clique of some fifteen or twenty who compose the "old line Whigs" of Louisville. Their respeciability no one questions. The yaucity of the Constitution and found the principles in it,

And these are the gentlemen who called an "old line Whig meeting" on Saturday night last, and who again met in solemn conclave yesterday. At the announcement of both meetings, the Know Nothings looked quizzical, and the Democrats laughed out-right.

Saturday night found a "small and select party" of them at the Histrionic Hall on Jefferson street, known as "Fillmore and Donelson Headquarters," and amongst them were those "disand to show that Know Nothingism had nothing to do with the meeting.

As an evidence, however, of his Whiggery, we cite the public to the extraordinary "rise and fall" of the gentleman as a Whig partizan in this city-to his learned and elaborate "book" in favor of throwing high-die for the Presidency-to his manifesto in 1849 in favor of the emancipation of the slaves ous articles in favor of the North and Freesoil, over the signature of "Union," now being pub-

He advised the disbandment of the Know Nothing party. (His hearers were nearly all Know the working of this principle, but you might Nothings.) He was emphatic as to the failure of just as well say the sun is a failure because it is the party. It had not paid expenses. It was reobscured by clouds. These troubles are accidents

It would make Buchanan President if persisted party, hatred, animosity and fraternal strife are in. Mr. President, Ladies and Fellow-citizens of Ohio. I confess to you that I am equally astonished and gratified at what I witness here in Ohio to-day, and I wish that my exhausted strength and broken frame would allow me to express more fally the emotions which swell my breast. I have been treated like a brother—I have been cheered and encouraged on all sides. I feel that we are all citizens of a common country, and joint heirs of the same glorious inheritance [Cheers.] My friends, I do not rise to make a speech in the ordinary acceptation of that term. I am physically unable to do so, and, being on my way to accept an invitation in a sister State, must reserve some of my exhausted strength. Fellow:citizens, I am not here to-day to speak harshly of any man or of any party, but I must express my convictions in regard to public affairs and I claim at least this, that I express my sentiments with equal frankness in every part of our common country. I need not say to you, fellow-citizens, that I belong to the Democratic party— that I cherish it as being most in accordance with the principles of our political system. You know what these principles are, and I feel that this demonstration is due to the great cause which I represent. It has been a subject of inquiry why

shock after shock and yet maintains an unbroken front to every foe. It is a fact that organizio ment of their faith. [Cheers.] Why is this? I find that the Democratic party holds a few plain and simple principles, which enable it to hold. to no blind fanaticism. It refuses to use the Constitution in the cause of aggression upon a particular people, and in the cause a of heedless fanaticism. It admits and observes all the stipulations as they are written in the common bond of our Union, and must live as long as the Con-stitution itself shall last. These were the feelings which animated the breasts of our fathers.

Coming down to a later day, the same philosophy taught the Democratic party to oppose the National Bank and go against the Tariff, and at a still later day to array itself against the American or Know Nothing party. I have no words of vindictiveness or hate to use toward any man or any party, but I speak the honest sentiments of my heart. I mean no rudeness to any member of that organization. The Demo-cratic party are obliged to oppose the Know-Nothing party. It claims that every citizen of our country stands upon an equality in the eye of the law. It was obliged to oppose that feature which interposed between a man's consoience and his God. The Democratic party turned to their numbers with their lofty assumption of political power, is laughable, and indeed ridicular and take a part. I know that thousands of good men went into that party for the preservation of the Union and the good of our common country. But the delsrum is over—the fever is past, and the patient is sane again. [Cheers.] All I have to say is that the rise, progress and decline of

men to beware how they interpose betwen the numan conscience and its God. The Democracy was also equally obliged to array itself against the so-called Republican party of the United States. They charge us with being the pro-slavery party, and say that the object of that party is to extend slavery over the territoritories of the United States. The cause of all the present tropbles arose from

I voted for it because be doubted by none, although the Journal of a it opened up to settlement a vast territory, and few days siece vouched for him as being an "old then announced that the inhabitants were capable of managing their own affairs, subject only to the Constitution of the United States; and when they present themselves for admission, I would vote for their admission without the slightest qualification, founded upon any doctrine to which I was favorable or to which I might be opposed. Is it true that the Democratic party is undertaking to legislate slavery where it does not now in 1849 in favor of the emancipation of the slaves of Kentucky, and to his luminous and volumin-turn them to the provision of the act which declares that it is not its purpose either to legislate it into or exclude it from the Territories, but to let the people settle it for themselves. Make them assail that principle, and they will "bite a file." The doctrine upon which this Government is day night found a few of them together, and founded, is that the people are perfectly free to form their own institutions, and that this freedom stands on an equality with every other municipa right. I hold it to be a principle which under lies our system of Gevernment, and a principle the violation of which led to the American Revolution. It is the same principle which ranthrough our old confederation and which runs through

I do not propose to examine the unfortunate ritory of Kansas. Listen to the ignominy andreviling which they combine to hurl upon your sister States. We are told that the Declaration of Independence is em-bodied in the Constitution of the United States. The is an abstraction. Full it in the Constitution and what would follow? It would follow that the Constitution and what the Constitution and what the Constitution must protect every man in his right to "life, liberty and the pusruit of happiness." Are these the views of vour fathers? I saw on one of your banners quarters, and surrounded itself with a panoply "all governments derive their just power from the consent of the governed," and that is the principle embodied in the Kansas act. I wish our fathers had given a little more prominence to that sen-timent. On it the Democratic party rests, and rests impregnably. Take a party without such our country rapidly to destruction. But way do I speculate upon what it would do? Long be-fore this our Union would be obliterated forever.

This party assumes to make the extension of the effect? I as you, ask reflecting and educated American citizens, what is to be the effect of arraying one group of States against another? It represents merely a handful—a knot—a clique—a baker's dozen—half an omnibus load. Eight out of ten of the old line Whigs of Louisville who have not joined the Know Nothings, are supporting Buchanan and Breckinridge, and will vote the Democratic ticket in November. They refuse to acknowledge the leadership of Pilcher.

I as you, ask reflecting and educated American citizens, what is to be the effect of arraying and educated American citizens, what is to be the effect of arraying one group of States against another? It has all the ear-marks and badges of a sectional party? It has all the ear-marks and badges of a sectional party? Does it reach below a parallel of latitude that divides your country? In its purposes and in its boundaries it is not sectional? Does it not purpose to out-vote the fifteen Southern States? Does the South not stand book in grief—but not in terror—at the spectacle which is exhibited? In saying that the only hope of success is in themselves, do they not seek to destroy as far as possible all the amity and concord ex-

United States, of Hamilton, Ohio, on the 2nd of affairs.

It is not in our country as it is in France, where the people have no system among them-selves. In a confederacy where you array one Greenville, Mublenburg co., part against another, that moment it falls to pieces. Our government rests upon the affertions of the people. It rests purely upon the love, and the loyalty, and the affection of the people for each other. When folly and ambition shall have put an end end to this, the life of Franklin, Simpson co., our government will have been destroyed, gh its forms may for a little while remain. feel that all who are not carried away by passions and prejudices know this to be true. Then is not this Union greater than any subordinate

If I have a right, I would never forget to call your attention to the men who founded this Govnment, though they may be now called "old gies." Remember the last warning—the last aploration of Washington to his country was to frown indignantly upon any attempt to sever Winchester, Clark co., the ties that bind the cherished parts of our country together. In the words I utter he warned them to frown upon any attempt to array part against part, and, in my humble judgment, the Republican party satfor the portrait, and Washgreton mainted it in living colors. ngton painted it in living colors.
Fellow-citizens: I have gone no longer than I

intended, but let me call your attention to the teachings of other men. Clay, who loved his whole country with as lofty a nature as God ever conferred upon man, again and again warned his countrymen of the risng storm. He said the purpose of a growing party would be to array one portion of the country against another, and precated it as the greatest calamity that could befall this country. He said all harmony would be destroyed, and the Abolitionists would start back in horror and dismay at the dire confusion they had made. And Jackson, who loved his country not less than any, living or dead, pointed, out the cause which would probably lead to a dissolution of the Union. He depicted the dangers which would arise from civil war. He said that if the memory of common interests and common glories were not sufficient to hold this Union together, strife and convulsion would fol-low; some military adventurer would arise, and the people would at least surrender their liberty for the sake of repose. Is this party justified in anything that Webster has said? They can find no justification in the sayings of any of these men. Washington, Jefferson, Madison, Clay, Webster -these patriots are now a constellation in the skies, shall we walk by their calm light, or shall we be guided blindly by the leaders of this new party? Look at those who have served their country longest and best. They have protested against this movement as calculated to destroy the peace of the country. The most llustrious, the most eminent, are found arrayed

against it. When you are appealed to join in a crusade against the Southern States, tell them you are or liberty in your own State, but, as Clay said, you are for the liberty of your own race before any other race, and your own people before any other people. Make no excuses—don't dodge—nacet them upon the facts and tell them we can reserve this Union only by adhering to the ond of our Union, and we intend to do it .-Applause] All else is as nothing compared with the boundless disasters which would follow this Confederacy were destroyed.

Fellow-citizens, Kentucky lies locked up in the heart of the Union. She could not go out if she would, and would not if she could. She borders on Ohio, Indiana and Illinois. She has

The colli-sion of arms has followed the collision of opinion there, and the object of this party is to spread this collision throughout the country. My State never uttered a political threat but once in her life, and that was in the time of John Adams, and she then burled his administration from power and inaugurated the principles of Jefferson. Kentucky is a unit without distinction of party, in the belief that this sectional organization is an insult to her and her Southern sisters, and it can only be followed by disaster and disgrace. I do not believe, my friends, that that disaster is to come upon us. The sober second thought has come again. I see the evidence of a people aroused to action, and in defense of the Constitution, which protects all alike. This great State will never lead a crusade against the South, but, in the language of one of your banners, she will say, "The Union forever!" [Tremendoes and

A new edition of the People's Pamphlet, givng the rise and progress and wonderful cures of Perry Davis' Vegetable Pain Killer, from 1840 to the present time, given gratis by the agents o this valuable medicine. It is richly worth a pe usal. This unparralleled preparation is receiving more testimonals of its wonderful efficacy in emoving pains, than any other medicine ever offered to the public. And these testimonals come not alone from the ignorant, but from perpersons of every degree of intelligence, and every rank of life. Physicians of the first respectability and perfectly conversant with the nature of diseases and remedies, have recommended this as one of the most effectual in their line of preparations for the extinction of pain.

As an internal remedy the Pain Killer has no ders on Ohio, Indiana and Illinois. She has lived with them in concord and peace, and she never wants to live in any other spirit.

Williams's Anti-Dyspeptic Elixir

S, with the utmost cofindence, offered to the Medical Faculty and the public, for the cure of Dyspepsia or indirection, and all diseases arising from it, such as Rausea, Headache, Vettigo, Dimness of Sight, Debility of the Nervous System, Hypochondria, Jaundice, Loss of Appetite, Wasting of the Strength, Flatalience, with frequent betching of Wind, Vitiated taste, Constipation and uneasiness of the bowels, withous Vointing, Burning sensation at the pit of the stomach, Liver Complaint, Oppression after enting, Paipitation of the Heart, Pain in the pit of the stomach, or towards the right side, Sallowness of complexion. Depression of spirits and uritability of temper, &c. If a case of dyspepsia should be neglected, most serious effects may ensue, ter it lays the foundation for, is the incipient cause of, and very frequently terminates in construction. I would impress upon the mind that to trile with this disease, may be to sport with that reason which constitutes man super-eminent among animal beings, or to embitter existence by adding a consciousness of folly to the penalty of pain.

This medicine is prepared entirely from vegetable substances; the most checate stomach can bear it conveniently, and it is given with perfect safety, in minute doses to the most tender infants, its properties being of a strengthening and invigorating nature. It is neatly put up in bottles, with ample directions for use.

The following testimonials from some well known and respectable citizens of Philadelphia, are fully corroborative of the tried efficacy of the Anti Dyspeptic Elixir.

We, having used William's Anti-Dyspectic Elixie with the most perfect satisfaction and success, take great plea-are in recommending it to all persons suffering with Dys-pepsia, as we are fully convinced of its most estimable

Stomach.

Williams's Anti-Dyspeptic March 16, 1853.

Doctor James Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly afflicted with its symptoms, than within the last few weeks. Indigestion, nervous irritability, despondency, a sense of weigat in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Fortunately, I was recommended by a friend to try your Elixir. I did so, and in less than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with mental and bodily health, were fully restored. To me the cure seemed almost mirraculous, and my object in writing to you is—a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy.

I am, dear sir, yours truly.

Consumption Cured. DAILY'S Inhaling Vapen is used in the cure of diseases of the Lungs. Worn on the breast, the heat of the body causes an evaporation, which will be constantly inhaled by the patient, passing gently into all the air cells and passages of the lungs, and supplying every part with a soothing and healing vapor, while the patient is taking Daily's Extract of Ginsing or Honey Syrup, for the cough and debility, and his Balsam of Wahoo, for the impure state of the blood. It is acknowledged by all that by inhaling marsh miasma, or noxious vapors or air, the lungs become diseased. Is it not equally true that, supplying the lungs with an invigorating and healing medicine, will restore them to health?

Dr. Daily keeps on hand a general supply of Family Medicines of his own compounding, to cure diseases incident to our climate. Daily's Family Practice, 824 pages, price five dollars, can be had at Daily's Fain Extractor Depot, No. 78 Second street, between Market and Jefferson, teb29
